

AQUARIUS LUNATION 2009

New Moon in Aquarius..: Monday, January 26 at 2:55 am
Annular Solar Eclipse ..: Monday, January 26 at 2:58 am

Waxing Intention ... what do I choose to move toward beginning or growing in my life?

Card(s) Drawn:

Observations/insights from the Noon with the Moon walk on Monday, January 26:

Full Moon in Leo ..: Monday, February 9 at 9:49 am
Penumbral Lunar Eclipse ..: Monday, February 9 at 9:38 am

Waning Intention ... what do I choose to move toward clearing and releasing from my life?

Card(s) Drawn:

Observations/insights from the Noon with the Moon Walk on Monday, February 9:

Please remember to honor the Balsamic Phase between February 21-23, 2009.

**You may notice a decrease in energy during this time, as it is an important period for rest.
Gently bring this lunation to a close. The next New Moon arrives on Tuesday, February 24 at 8:35 pm.**

If you are interested, visit <http://www.mooncircles.com/> and/or <http://www.astrowisdom.com/> for astrological perspectives on the New and Full Moons. The moon not only changes phases throughout the month, but also changes astrological signs. A great calendar I use to check the daily "astro-weather" is at <http://www.zodiacarts.com/Calendar.shtml> ... scroll down to read about the specific activities for each phase, when you are ready to focus on the nitty-gritty.
